

FUNCTION SPACES TO SUIT *any event*

The Sunnybank Rugby Club was formed in 1967 by local parents and moved to its current location at Biggs field in 1974.

In early 1994 the Club developed a master plan, in conjunction with the Brisbane City Council, for the creation of a facility to appeal to the many community, sporting and cultural groups in the Sunnybank area.

Since then the Club has undergone a number of renovations and extensions and changed its name to Sunnybank Community & Sports Club to emphasize the importance of the Club's community involvement.

Sunnybank Community & Sports Club is the place to choose when you're hosting a conference, seminar, training session, product launch, birthday or special event.

We have a range of packages to suit any of your needs.
